Your screen will then look similar to the image below

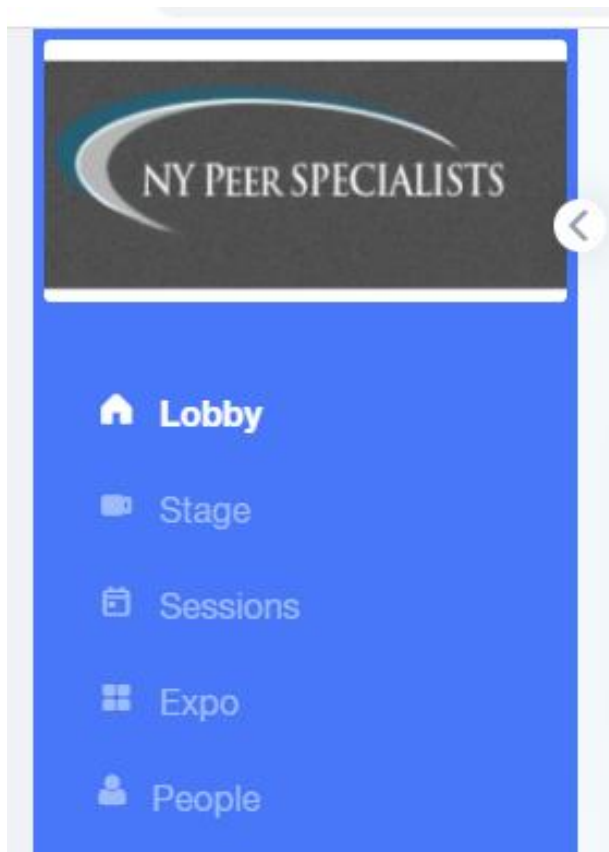

In the Lobby, some events will have a button that says “Register”, while others will say “Join”

You may also select the “Stage”, which will take you directly to the Mainstage event, if there is one happening at that time.

You may also navigate to the Sessions tab (which are the simultaneous talks), the Expo tab, which include Speaker, Organization, and Career Exhibits

Please be patient as the Broadcasts begin for each talk, as there may be up to a minute or two of delay before the video becomes active.
